

WELCOME to the Stead Family Memory Center at Banner Alzheimer's Institute (BAI)! As a Center of Excellence focused on the diagnosis, treatment, and study of Alzheimer's disease and related disorders, we offer a comprehensive approach by an interdisciplinary team of specialists. We understand that memory and thinking problems affect both the person and their family, therefore our services target both.

STEP 1 – COMPLETE THE “NEW PATIENT” PACKET: Please follow the directions provided in the packet. After you've completed the packet, please print the packet, and sign the “Authorization to Use or Disclose Protected Health Information” form. Then either fax the packet to our secure line (602) 839-6906, email it to us at BAInfo@bannerhealth.com, or mail it directly to us at the following address:

Banner Alzheimer's Institute
Stead Family Memory Center
901 East Willetta Street
Phoenix, AZ 85006

STEP 2 – SCHEDULING THE FIRST VISIT. We will call to schedule your visit once we have received the completed packet. Please plan to have a family member or close friend accompany you to this visit. Please make sure to bring a current medication list and glasses or hearing aids with you to all visits.

STEP 3 – FOLLOW PRESCRIBED TREATMENT PLAN: After a diagnosis is established, the physician will formulate a treatment plan. Ongoing medical needs will be addressed along with the need for education, support, and community resources. Information will also be provided regarding possible participation in clinical research.

STEP 4 – ATTEND EDUCATIONAL CLASSES: You are urged to attend our complimentary education programs prior to or following the first clinic appointment: [Defining Dementia](#) to learn the essentials of dementia and caregiving and [Planning Ahead](#) to understand the important medical, legal and financial decisions that are important to address. We encourage you to take a moment to visit our website to sign up for our Beacon newsletter as well as review the full range of live and recorded education classes, support groups, life enrichment programs and resources at www.banneralz.org.

We are committed to setting a new standard of care for patients and families. BAI now offers a Support Line for current patients and families to call when looking for information, advice, and support. This designated line allows you to speak with a team member ready to answer your questions, provide valuable resources or simply listen. We want to provide an exceptional experience – one that leaves everyone with hope and help! We look forward to seeing you and your family in the very near future!

Sincerely,

Ganesh Gopalakrishna, MD
